Side Cabinets

Made in mirror image, these cabinets are for right and left sides of the eMotion™ Monitor Lift arrangement. Modeled after the more utilitarian Mobile Equipment Stacker, the backs are open for access to equipment bays with cable passes from all shelves. Small components may be mounted to the back. Inside wall has a wireway that aligns with the main eMotion™ LCD Lift Cabinet. Shown with 6 outlet power strip with 10 ft cord.

Video Teleconference Equipment Cabinet

Hinged left or right; two adjustable shelves; rear openings for cable management, rear side grommet aligns with grommet in the Video Teleconference Credenza, includes WireWonder23 Cable Manager and 6 outlet power strip; decorative 4" feet; outside dimensions: 23"w x 23"d x 35"h, inside dimensions 20"w x 18.5"d x 30"h.

The AV Equipment Side Cabinets mate to the eMotion™ Video Monitor Lift Cabinet, allowing cables to pass through common wire ways. The motorized monitor lift power supply is mounted to the back of the LCD lift cabinet, along with a 6 outlet power strip and WireWonder™ Cable Manager. Excess cable may be wrapped around WireWonder's mushroom tops and the channel holds small components, such as transformers. These items may be mounted to suit.
