HorizonLine™ Computer Tables

For laptops and wide screen LCDs, with flipIT® installed, or power data ports

DHL-722630-K23
Double HorizonLine™ flipIT® Table
72w x 26d x 30h
flipIT® FIK-23 for 16:9 aspect ratio VESA
compliant LCD monitor with case width
up to 23.25" miniCinch™ CPU holders

HorizonLine™ with flipIT® puts everything the user needs to see and touch right up front. Keyboard trays are at ideal height for use: 28" from the floor. CPU holders attach to the leg bracket, keeping the CPU available for access to connections and drives, yet out of the user's knee space.

SHL-442630-K23-LC
Single HorizonLine™ flipIT® Table
44w x 26d x 30h
flipIT® FIK-23 for 16:9 aspect ratio
VESA compliant LCD monitor with
case width up to 23.25"
miniCinch™ CPU holder

All HorizonLine™ Tables share these specifications:

- MDF top with contoured front and back edges, squared side edges, 3D thermofoil finish
- 10" fixed modesty panel, matches top finish, radius corners and squared edges
- 2" Tubular steel base with black nylon bull nose end caps; vertical wire chase.
- 6-outlet power strip with 10-ft cord, 12 AMP rated
- 1-inch x 3-inch J-style wire management channel (standard), WireWonder™ cable management system (optional)
- Legs configured for 1" steel floor glide levelers, or locking casters, designated LC.
- Model number gives dimensions: Width x Depth x Height
- Order CPU holder separately. Choose Brig, Li'l Brig, or EZ Cinch to suit.

Single HorizonLine™ Laptop Safe Table

44w x 26d x 28h

1 flipIT® FIL-23 Laptop Safe

SHL-442628-xxx-LC

Single HorizonLine™ Table

44w x 26d x 28h

Install optional power data ports

HorizonLine™

Specifications

Top - 1.25" thick MDF with comfort contoured front and back edges and break side edges. Fully encapsulated with surf(X)[®] 3D laminate top. Designed with advanced-durability, surf(x) 3D Laminates to provide an increased level of impact, scratch, marring, heat, and abrasion resistance compared to standard thermofoils. Their increased stain and impact resistance make them especially suited for work surfaces. Superior compared to High Performance Laminate (HPL):

Test	HPL	surf(x) [®]
Burnish Mar	Moderate	None/Slight
Hoffman Scratch	400g	1000g
NEMA Wear	400 cycles	1400 cycles
NEMA Cleanability	10	13-25

Modesty Panel - 1/2" thick MDF with contoured edges, matching top finish outside, black inside.

C Legs - 2" diameter tubular steel finished flat black with nylon bull nose end caps, and adjustable floor glides. Locking casters optional. Optional mounting bracket used for attaching accessories, such as CPU holder or storage compartment, packaged with CPU Holder system.

flipIT[™] - Models available:

Model FIK-19, with 26"x8" keyboard/mouse tray, for LCDs up to 17.5"(444.5mm) case width (most 20" monitors) and optional lock.

FIK-23 with 26"x8" keyboard/mouse tray, for 16:9 widescreen monitors with case width up to 23"(584.2mm)

Model FIH-19 or FIH-23, same, without keyboard tray, including cable release actuator handle.

Model FIL-18 flipIT[™] Laptop Safe inside dimensions 16" x 14.625" x 2.5" (406mm x 371mm x 63mm) —includes wire management secure pass-through, key lock assembly and touch latch opening.

FIL-23 Inside Dimensions: 22.25" w x 14.625" x 2.5" thick. (565mm x 371mm x 63mm) —includes wire management secure pass-through, key lock assembly and touch latch opening.

Power - 6 outlet, 13 AMP, power strip with 10-foot cord, attaches to modesty panel.

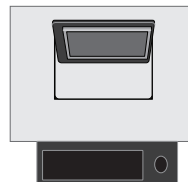

Wire Management - J channel adhered to modesty panel.

Model Numbers include dimensions:
W x D x H
