ISLE™ G2

## ISLE™ G2

# FULLY LOADED POWER HUB

The Isle G2 maintains the same unique modern style and function as the first generation, only packed with more power and enhanced features. Equipped with twelve tamper resistant power receptacles and the latest USB-C technology, this free standing, full-service, power and charging station is offered in a combination of port configurations: USB; USB-C; or a combo of USB & USB-C. The 3-sided Isle G2 provides power and charging from 360 degrees; perfect for a variety of collaborative spaces including airports, meeting areas, student unions and hotel lobbies. Constructed of sturdy metal, the three shelves provide a proper resting place for all your devices. Additional slots in the base allow the unit to be tethered to the floor should mobility not be desired.

## ISLE™ G2 PROVIDES:

- **Upgraded Power Delivery and Speed** – Instant charging power provided by twelve 15Amp power receptacles and 5Amp charging ports, with optional USB-C technology, supports a myriad of smartphones and eliminates the need for unwieldy adapters for current USB-C users.
- **360° Ergonomic Design** – Stay connected from any angle. The 3-sided Isle G2 provides convenient access to power for multi-users in group seating arrangements.
- **Color & Configuration Opportunities** – Isle G2 comes in a range of colors offering designers eight colors from muted neutrals to bold brights. Choose from three charging port configurations: USB Only, USB-C Only, and combined USB and USB-C .
- **Flexibility** – This portable multi-purpose power tower can be placed anywhere charging capabilities are needed. Simply move and position one among a cluster of chairs or tables in a lounge, student center or meeting area. Should the space configurations change, move the Isle G2 and reposition in the new space.
- **ETL Listed for US and Canada**
