

mr. n

Meet Mr. n® – an arch-shaped lamp that combines a unique, fashion forward design that houses cutting edge, omni-directional light. Mr. n® provides a soft, warm glow on the outside of the lamp, and the simple yet complete control system is located in the aluminum interior. A one-finger touch on the bottom section of the lamp exterior makes the lamp glow or turns it off. Invite Mr. n® into your home or office.
