

# MVC Series Multimedia Podiums

# S P E C I F I C A T I O N S

SKU: PL-MLT

The MVC Computer Podium design for VTC picks up the curved lines of the teleconference table. It rolls on heavy duty casters so it can be positioned for the most pleasing camera angle. The flipIT® LCD System keeps the screen at a low profile so it does not obscure the sight lines of the participants and camera. Retractable keyboard tray actuates flipIT® opening. The equipment bay holds CPU and other AV components. The 6-outlet power strip has a switch that mounts in the keyboard tray compartment. Equipment bay doors lock for security.

## Make it your own:

- Heavy-duty casters for mobility within the space
- Optional flipIT® monitor mounting system keeps the screen within reach but out of the way
- Equipment bay can accommodate CPU and other AV system components

Diagram illustrating the interior of the WWC-18 FC-715 Wire Management Cabinet. The cabinet is shown with its doors open, revealing the internal structure. The interior features a horizontal slot labeled "WIRE MGT" and a vertical slot labeled "FC-715". The cabinet is mounted on four casters.

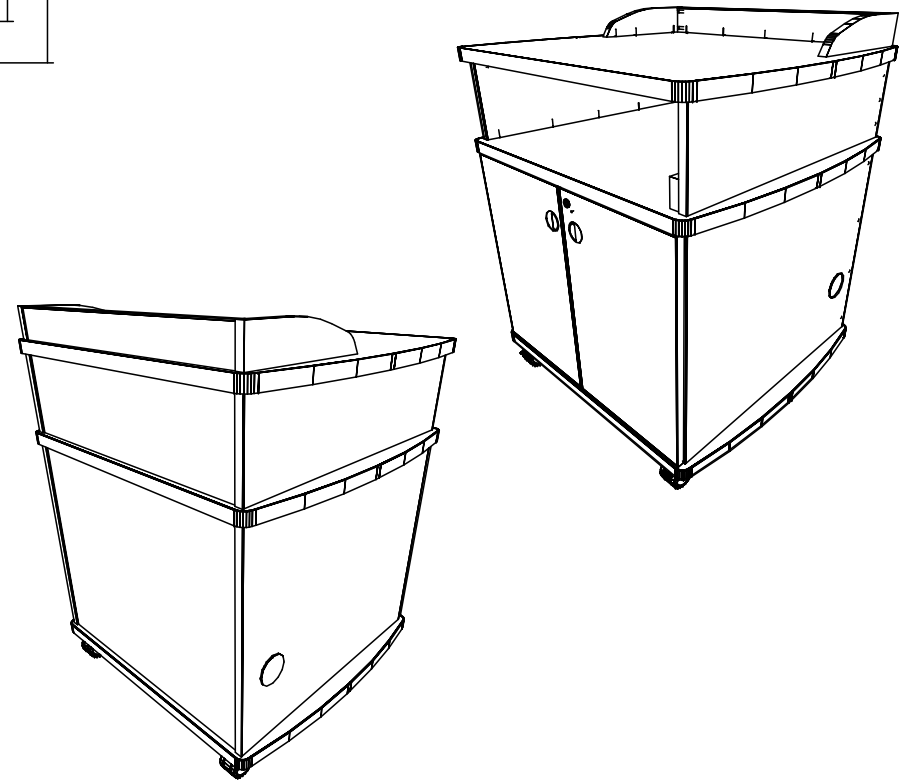

Technical drawing of a rectangular structure, likely a container or tank. The drawing shows a top-down view with dimensions: 34.000 (total width), 30.000 (inner width), and 31.500 (height). The structure has a thick wall and a flat top surface.
