37w x 26d x 36.75 to 48.50 vh

48w x 26d x 36.75 to 48.50 vh

PRS

MultiMedia Podium

flipIT Multi-Use | Tech Storage | Customized to order

MVC Series Podium is designed for technology-forward collaborative conference environments. Goes well with Piano Conference Tables.

The flipIT® Monitor Mount keeps the screen at a low profile so it does not obscure the sight lines of the participants and camera. Keyboard tray actuates flipIT® opening.

The equipment bay holds CPU and other AV components. Equipment bay doors lock for security. It rolls on heavy duty casters so it can be positioned for the most pleasing camera angle.

Dimensions 34w x 32d x 42h

MVC

MFI Series flipIT® Podium

flipIT Multi-Use | Tech Storage | Customized to order

The MFI Series provides an ergonomic presentation platform that is also a secure enclosure for equipment, media, supplies, and a central location for controls.

SMARTdesks' patented flipIT® Monitor Mount provides a semi-recessed view of the display to eliminate any line-of-sight obstruction between instructor and student. The LCD screen is visible to the teacher from behind and to the sides of the podium for freedom of movement while lecturing.

Podiums are 30 inches deep, 42 inches high and are sized in 4 widths: 30, 36, 54 and 60 inches. The narrower versions have storage below and the wider podiums have an additional storage bay to the side.

MFI

MFP Series Podium

Semi-Recessed Display for iMac and AIO

For iMac® and AIO displays mounted on their own stands. Display is semi-recessed into the work surface to eliminate any obstruction of the line-of-sight between instructor and student. The LCD is easily seen by the teacher from behind and to the sides of the computer podium so there are fewer restrictions to moving around while lecturing.

Cabinet is configured with locking single and double equipment and storage bays. Podiums are 30 inches deep, 42 inches high and are sized in 4 widths: 30, 36, 54 and 60 inches. Doors are on 270° hinges to enable them to fold flat against the sides when the lectern is in use.

MFP

MDT Series Podium

Power Data Ports | Tech Storage | Customized to order

The MDT Series configured with locking single and double equipment and storage bays. Podiums are 30 inches deep, 42 inches high and are sized in 4 widths: 30, 36, 54 and 60 inches. Doors are on 270° hinges to enable them to fold flat against the sides when the lectern is in use.

MDT

MLT Series Podium

Power Data Ports | Tech Storage | Customized to order

The MLT Series is designed to support laptop and notebook computers on top of the work surface in a comfortable position for teaching. They all provide a Power/Data Port with duplex outlet and network connections to make it easy to bring your presentation and data into the classroom.

MLT

MSS Series Podium

DownView | Glass Viewport | Customized to order

Stand-up computer podiums integrate an LCD monitor below a tinted and tempered monitor window in the work surface to eliminate any obstruction of the line-of-sight between instructor and student. The work surface area is always totally clear to accommodate printed teaching materials and notes.

Configured with locking single and double equipment and storage bays. Podiums are 30 inches deep, 42 inches high and are sized in 4 widths: 30, 36, 54 and 60 inches. Doors are on 270° hinges to enable them to fold flat against the sides when the lectern is in use.
