

# SHO·G™ TELEWORK PRIVACY SCREENS

***Folding privacy screen for acoustic & visual isolation.  
Perfect for telework!***

Present yourself professionally with SHO·G™ Telework Privacy Screens. Simply unfold the acoustic panels around your chair. Your audio will be echo-free and your meeting screen will feature you without household visual clutter.

Ships ready for easy set-up in minutes. Stores behind a door.

Dimensions: 60"H x 96"W

Stores 60"H x 24"W x 3" D

Made of 60% post-consumer reclaimed plastic water bottles. This ecologically responsible product is VOC-free and 100% recyclable.

Sound Absorbency rated at .9 NRC.

Made in the USA.

## ***Easy Set-up & Storage***

Set up SHO·G™ Telework Privacy Screens loose or tight, depending on your preferences. Curve the back, or have a flat backdrop with screen wings lightly spread. It's up to you.

You might prefer to keep your SHO·G™ in your workspace because the acoustic isolation really helps on the phone. If you are sharing a space, this might be even more important.

SHO·G™ folds up for storage in seconds. Stand it in a corner or behind a door to get it out of the way.

# SHO·G™ TELEWORK PRIVACY SCREENS

*Look good and sound good for video telework meetings.*

This is an example of the SHO·G™ Telework Privacy Screen on the right, compared to a typical cluttered home telework background on the left. Notice the distractions and uneven lighting on the left image. The sound was clear on the right side because of excellent audio damping characteristics. Although dress is casual, the credibility of the production contributes to the credibility of the message.

*Choose your color and order yours now.*
